Hi @blader,

I'm the person who sent you 50% of [\\$MIRA](#) earlier today.

When I saw the story about Mira and her illness, I thought it would be good to buy and send supply to you with the hopes of getting the SOL community behind a good cause on Christmas. I'm really glad that it worked out the way that it has and I hope that the money helps to find a cure both for Mira and anyone else with her condition.

Wishing you and your family a wonderful Christmas.

God Bless,
Waddles
